

JOB DESCRIPTION

Position: **Production Line Associate**
Location: **Appleton, WI**
Reports to: **Production Manager**
Hours: **Full time, M-F, 7:30am-4pm**
Website: www.Water-RightGroup.com

Since beginning in 1963, Water-Right's mission has focused extensively on treating problem water. That mission has continually driven the Water-Right team to think beyond conventional materials and equipment. As a result, Water-Right has secured a reputation as an innovative and dynamic manufacturer of highly effective water treatment solutions — solutions to which no other manufacturer in the industry can compare.

Position Summary

Water Right Inc, a leading manufacturer of water treatment products has an immediate opening for a production line associate. Position entails assembly of water treatment equipment. Work as part of a team having responsibility for assembling an entire product or component of a product. Team assemblers can perform all tasks conducted by the team in the assembly process and rotate through all or most of them rather than being assigned to a specific task on a permanent basis. Individual will be detail oriented, quality minded and able to work effectively in a team environment. Position does require some lifting so candidate should be in good physical condition.

- Package finished products and prepare them for shipment.
- Operate machinery and heavy equipment, such as forklifts.
- Perform quality checks on products and parts.

Education

The position requires a High School degree or equivalent

Personal/Culture Fit

Personality: Must possess a friendly, outgoing, positive attitude
Organized: Must have time management skills
Team Builder: Must be able to work with a multitude of personalities in a group setting
Fit: Most importantly have fun within our culture, act with integrity, foster teamwork, strive for excellence, and have passion

Benefits

\$13 per hour

1 week vacation after 60 day probation period is completed. Eligible for quarterly and annual bonuses after probation period.

Water-Right is a solid company that offers a competitive benefits package after 60 days to all full-time employees, such as health and vision insurance, life insurance, 401K, PTO time, HSA account, Flexible Spending Account, and inter-company events and programs. Additional benefits such as bonuses are typically paid at the discretion of management and are based on company performance.
